## TRAINING SESSION

Sunways Brazil Training: Innovation & Practical Insights

Sunways conducted an intensive two-day training session in Brazil for our valued local clients on January 18th and 19th. Day 1 focused on exploring Sunways history and market positioning, highlighting our dedication to innovation and sustainability. Participants learned about our extensive product portfolio, including current offerings and upcoming launches, and were introduced to our advanced monitoring system and energy storage solutions. On Day 2, the training transitioned to hands-on experience with Sunways inverters, providing attendees with valuable practical insights. We express our gratitude to everyone who contributed to the success of this training event and look forward to more collaborative opportunities in the future. Stay tuned for updates on upcoming training sessions.

## WEBINAR REVIEW

Sunways Highlights Sustainable Solutions in Grupo Encanto Webinar

Sunways was delighted to have been part of Grupo Encanto's webinar on January 25. Head of Key Account, Miguel Zhang, effectively introduced Sunways innovative inverter portfolio, accessories, and services for sustainable energy solutions. The webinar provided attendees with a comprehensive overview of Sunways' commitment to innovation and customer satisfaction in the realm of solar energy. We extend our sincere gratitude to Grupo Encanto for hosting this insightful event, and we look forward to continuing our journey towards a more sustainable future together.

## EXPO HIGHLIGHTS

"I Choose Sunways" Campaign Winners Announced

We're thrilled to announce the success of our "I Choose Sunways" campaign at the Ptak Warsaw Expo fair on January 17, 2024. The campaign involved a special lottery event where attendees had the chance to win Sunways STH-10KTL-HT hybrid inverters. Congratulations to Mr. Witold and Mr. Mateusz, who won at the PV Expo stand and Eco System stand respectively. Thanks to everyone who participated, your support and enthusiasm truly made the event a success.

Capacity: 10kW

Inverter: STT-10KTL

## YEAR-END PARTY CELEBRATION

Sunways rings in 2024 with an unforgettable year-end celebration! Our Chairman, Zeping Lu, delivered an inspiring speech, recognizing the remarkable achievements of our dedicated employees. Their hard work and commitment have been instrumental in our success. The festivities continued with mesmerizing choir performances and electrifying dance routines, showcasing the talent and creativity of our team. Looking ahead, Sunways remains dedicated to driving innovation in PV products, aiming to achieve Energy Connects All and promote energy exchange and sharing.
