EVENT HIGHLIGHTS

Sunways Showcases Solar Energy Solutions at Geração Solar Summit 2024

Sunways showcased its latest inverters and solar solutions at Geração Solar's Summit 2024. Drawing participants from across LATAM, the event provided a platform for Sunways to underscore its dedication to advancing sustainable energy in the region. Helyeber Mendonca, Sunways Country Manager, presented the company's innovative technologies, emphasizing reliability, efficiency, and affordability, catering to both businesses and homeowners. Mendonca emphasized the company's dedication to promoting the adoption of sustainable energy in LATAM. Sunways remains actively involved in advancing the renewable energy sector in the region through ongoing engagement and technological innovation.

Sunways Manager Speaks at Djerba Island Power Plant Inauguration

Sunways Regional Sales Manager, Chloe Jia, highlighted the importance of renewable energy initiatives in the eastern region of Tunisia during the inauguration ceremony of the first phase of the ground-mounted power plant project on Djerba Island. Sunways will supply its STT-100KTL C&I inverters for the upcoming second phase, expected to power approximately 500 households. Chloe expressed pride in contributing to Tunisia's sustainable energy infrastructure and reiterated Sunways' commitment to global renewable energy projects. The project signifies a significant step towards clean energy in the region, with Sunways eager to continue collaboration for further solar energy advancements.

EXPO REVIEW

Sunways Presents Energy Solutions at Elmia Solar 2024

At Elmia Solar 2024, Sunways inverters were showcased at booth A07:36 alongside our valued partner, Nordic Power Storage. With over 30 years of industry expertise, Sunways is your trusted solar inverter manufacturer. Our comprehensive range of inverters, catering to residential, commercial, and industrial sectors, including grid-tied and hybrid systems, was on display. Committed to sustainability, we innovate solutions that match energy supply with demand.

TRAINING SESSION

Sunways Hosts Product Training Session in Pakistan with Partners

Sunways recently conducted a successful product training session in Bahawalpur, Pakistan, in partnership with GenNex Technology and Volcan Engineering. Led by Jane Liu, Sunways APAC Sales Head, the session focused on introducing our inverter portfolio, essential accessories, and comprehensive services aimed at sustainable energy solutions. The event provided a valuable opportunity for Sunways to engage with partners and customers, furthering our commitment to supporting the transition to clean energy in Pakistan.

PRODUCT CERTIFICATE

Sunways Hybrid Inverters Listed in TOR Erzeuger Typ A of Oesterreichs Energie

SUNWAYS HYBRID INVERTERS

LISTED IN
Oesterreichs Energie TOR Erzeuger Typ A

Hybrid | Three-phase | 4/5/6/8/10/12kW

Sunways 4-12kW hybrid inverters are now successfully listed in TOR Erzeuger Typ A of Oesterreichs Energie, marking our official entry into the Austrian market. Designed for home and small commercial projects, this series perfectly aligns with your energy needs. With a battery range from 140-750V, it offers increased capacity for energy storage, enhancing both your energy independence and safety.
